YOU MAY CONSIDER THESE SUGGESTIONS

Turn off your TV and other mobile phones while recording the narration.

Choose a place with natural lighting to shoot the video.

If shooting in an large enclosed space ensure that the voice does not echo. A space with wooden & cushion furniture is likely to reduce the incidence of echoes.

Ensure that the costume of the child is in contrast to the colour of the background.

Teach your child to narrate with confidence and facial expressions.

Wishing you and your child success
